Pleasant View Lodge Annes 103rd birthday bash

At Pleasant View Lodge, we recently celebrated a special milestone as one of our beloved residents turned 103. To show our appreciation for her amazing life, residents and staff organized a surprise birthday party. The day was filled with laughter and joy, bringing everyone together to share in the happiness of the occasion.

Anne's birthday was already a grand affair, filled with laughter, and the warm presence of family and friends who had gathered to celebrate her special day. But to top it all off she was delivered a special package. A package given to her from the King and Queen! Even across the pond they are celebrating this huge milestone!
